

Coleman Limousin Ranch
37th Annual Production Sale

**Tuesday,
March 31, 2015
Missoula Livestock Exchange
Missoula, MT**

GENERAL SALE INFORMATION

TIME AND LOCATION: 1:00 p.m. Tuesday, March 31, 2015. The sale will be held at the Missoula Livestock Exchange, Missoula, Montana.

TRANSPORTATION: Commercial as well as private aircraft service is available to the area. Rental cars are available at the airport, or with advance notice your plane can be met at the airport.

TELEPHONE: Calls may be placed directly to the sale site by calling (406) 728-3052.

TERMS: Terms of the sale are cash, unless prior credit arrangements are established between buyer and seller. Settlements are to be made with the clerk immediately after the conclusion of the auction.

HEALTH: All cattle will be tested for Brucellosis within thirty (30) days of the sale. Health certificates will be provided with each lot sold.

FIRST BREEDING SEASON GUARANTEE: All bulls, 12 months of age and over at the time of sale, are guaranteed breeders. A bull is determined a breeder when he settles one or more females and/or passes a satisfactory semen test. Certificates of a satisfactory semen test will be provided at sale time for all bulls. In the first year, if a problem occurs with a bull, we will give you a suitable replacement or you will receive full credit minus the salvage value of the original bull toward another purchase in next year's sale. Please notify the seller of the bull as soon as possible if a bull is injured.

This guarantee is a contract between the buyer and seller. All other parties are acting as agents or representatives only.

LIABILITY: Each animal will be at the buyer's risk as soon as sold, but will be cared for by the seller for a reasonable period of time. Every precaution will be taken for the welfare of the cattle sold. Neither owner nor sales manager can be responsible for any accidents, but every effort will be made to provide for the safety and comfort of those attending the sale.

ANNOUNCEMENTS: Announcements made sale day will take precedence over printed material in catalog.

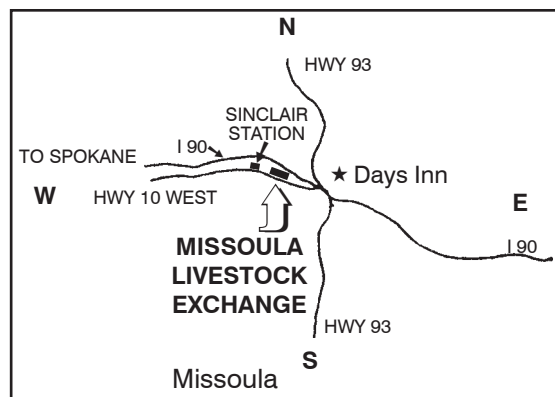

DELIVERY: Free delivery on purchases of \$5,000 or more to any central U.S. point. In some cases, this may require additional transportation by the buyer from a central location to their ranch. Every effort will be made to deliver to the buyer's ranch or to a convenient location as close to the buyer's ranch as possible. Buyers who do their own hauling will receive a \$100 per head credit.

website: colemanlimousinranch.com

Dear Fellow Cattleman,

All of us at Coleman Limousin Ranch welcome you to our 37th Annual Production Sale. Thank you very much for your interest, support, and confidence in our program.

2014 was a record breaking year in the cattle business and 2015 is looking to be another strong year for cattle prices. Now is the time to invest in predictable genetics that will keep you profitable in the cattle industry.

Our 2015 sale offering is powerful and consistent with that of previous years. The bulls in the sale offering are sired by proven AI sires. Our cowherd is backed by generations of proven genetics. We currently have 13 Elite Focus Dams and 29 Focus Dams. A special sale feature is our National Western carload and pen bulls. Several outstanding bulls are in this group. The bulls in the sale offering are fed a high roughage diet with enough energy to let their genetics express themselves.

The sale will be broadcast live by DVAuction. You can watch it on the internet and bid with DV Auction's "real time" internet bidding services.

This year we are offering free trucking on purchases of \$5,000 or more. Buyers who do their own trucking will be given a \$100 credit per head.

All bulls are tested and confirmed BVD-PI free. Bulls going to the these states: AL, CO, ID, GA, KS, MO, NE, NV, ND, OK, OR, TX, UT, WA and WY, will be ready for delivery approximately 5 days after the sale, once Tric Testing is completed.

Plan to be with us for the sale event. Dinner will be served on Monday evening, March 30, at

Missoula Livestock Exchange, and there will be a pitchfork steak fondue lunch preceding Tuesday's sale.

We hope that this catalog's information will be helpful. Please give us a call if we can be of further help to you. We look forward to have you with us on March 31.

*Sincerely,
Coleman Limousin Ranch
Larry and Anita
Trent and Melissa*

Watch & bid online for **FREE** at

DVAuction

Broadcasting Real-Time Auctions

Can't make the sale? Bid from home with DV Auction's "real-time" internet bidding service!

Buying online is as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the "register" tab and watch our online bidding tutorial
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction-a DV representative will notify you once you have been approved
3. Tune in for the sale and make your purchases!

After the sale, contact the sale manager or owner to arrange transportation and payment. **High speed internet** is required for successful bidding-be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy Bidding-if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

Having troubles? Call Tami at (308) 870-3661 or email tami@dvauction.com
Our full-time support team can also always be reached at (402) 474-5557.

GLOSSARY OF THE SALE

Adj. 205 Day Wt.: Weaning weight of each animal adjusted to 205 days of age and corrected for age of dam.

EPD: Expected Progeny Differences: The best available prediction regarding an animal's breeding potential.

Adj. 365 Day Wt.: Yearling weight of each animal adjusted to 365 days of age and corrected for age of dam.

MTI: The mainstream terminal index is a multiple-trait selection index, expressed in dollars per head, designed to assist beef producers by adding simplicity to genetic selection decisions.

COLE Miss Production 9166W - Mother of Lot 06

Lot 06 - COLE Blizzard 06B

Here was a crowd favorite in our National Western Stock Show carload because of his eye appealing phenotype, outcross pedigree, big numbers and he came to us in a double homozygous package. To break it down further, visually Blizzard is long striding, dead level down his top and is loaded with muscle shape. Numerically, he posted a very user friendly birth weight EPD of 0.0 and impressive yearling weight of 116. Here's one that is fundamentally sound and projects to be a tremendous asset in any breeding program. His mother, COLE Miss Production 9166, is a Focus Dam with a weaning weight of 109 on 4 calves. She is also a Dam Trait Leader for \$MTI.

Take a good look at this double homozygous, big middled, huge numbered, 50% Lim-Flex herd sire prospect March 31! Bighorn is flawless fronted, bold in his rib shape, square hipped and sound structured. From a numbers standpoint, he excels, ranking in the top 1% for weaning, top 2% for yearling and posts a user friendly 25 milk EPD. The bottom-line is, the real world function in this elite herd sire prospect is undeniable.

Lot 29 - COLE Boston 29B

Boston is an attractive made, homozygous polled, 75% Lim-Flex son of the popular Wulf's Yankee A.I sire. To the eye, he is smooth shouldered, extra long bodied and muscular. Numerically, he projects to add an abundance of growth ranking in the top 1% for weaning and top 2% for yearling. Additionally, note he is a take you in the right direction posting a rib-eye EPD in the top 30% and an IMF score of 4.11 which ratio'd an impressive 114. Study the true breeding value in this exceptional individual. His mother, COLE Miss Production 096X, is a Dam Trait Leader for marbling and \$MTI.

Lot 30 - COLE Blastoff 30B

Big, stout, wide made and high growth are a few terms that describe Blastoff to a tee! Phenotypically, he is rugged in his design, stout boned, bold in his rib shape and expressive in his muscle pattern. On paper, notice he ranks in the top 3% for weaning weight, yearling weight and scrotal circumference. Make no mistake, here is a homozygous black, purebred herd sire prospect that'll sire heavy weight calves with the muscle shape you demand. His mother, COLE Miss Tank 6119S, is a Focus Dam with a weaning weight ratio of 108 on 7 calves.

Folks, here is a double homozygous, high percentage herd sire prospect that spans an impressive birth to yearling ratio while posting a milk EPD which ranks in the top 10% in the entire breed. If impressive carcass cattle is what you're into, take note that he charts a top 20% EPD for rib-eye and top 10% for marbling. Visually, he strikes you as easy fleshing, deep sided, square hipped and rugged in his design.

COLE Miss Production 956W - Mother of Lot 98

The word complete describes this homozygous black son of the famed many time MOE Gold Medal champion sire DHVO Deuce 132R to a tee. To the eye, Bedrock is a good footed, deep sided, level made herd sire prospect that's extra thick made. Notice, performance-wise he charts a weaning weight EPD that ranks in the top 1% and a yearling weight in the top 4%. The combination of his pedigree predictability, phenotype and growth traits makes Bedrock a value breeding piece.

Lot 104 - COLE Businessman 104B

Businessman is one of the finest homozygous polled, outcross pedigreed, purebred herd sire prospects we've ever created at Coleman Limousin Ranch! Phenotypically, he is sound footed, extremely well balanced, loaded with rib shape and has a high degree of muscle expression. Numerically, he ranks in the top 3% of the entire breed or better for weaning, yearling and mainstream terminal index. Additionally, in terms of carcass merit, he might be one of the true outliers the breed has to offer - he ratio'd an impressive 127 for ribeye area while still ranking in the top 4% for marbling. The bottom-line is Businessman projects to be a true asset in any breeding program he enters. His mother, COLE Miss Pure Power 809U, is a Dam Trait Leader for marbling and \$MTI. His grandmother, COLE 02L, is the mother to COLE Zone 89Z.

Lot 111

Here's an intriguing herd sire prospect that offers a combination of raw growth performance and real world functionality. Visually, at an initial glance the combination of Buckskin's rib and muscle in relation to frame size strikes even the most discriminating as ideal. After further evaluation, it's hard not to be impressed by both his center body depth and top shape. Furthermore, on paper he comes to you in a double homozygous package that ranks in the top 2% for weaning and top 3% for yearling. If you're searching for a herd bull that promises to sire high growth, heavy weight calves we think he's one to invest in sale day. His mother, COLE Miss Production 910W, is a Dam Trait Leader for marbling and \$MTI.

Crossbreeding, the only FREE Lunch in the Cattle Business

The Benefits of Hybrid Vigor without the Hassle:

Crossbreeding made easy with Lim-Flex

Crossbreeding for the right blend of muscle, maternal ability, and profit just got easier. Introducing registered Lim-Flex seedstock, the pedigreed blend of 25-75% Limousin with Angus (black or red). The muscle and cutability of Limousin with marbling and fleshing ability of Angus, creates a product that translates into profit from the pasture to the rail.

Lim-Flex takes the hassle out of crossbreeding. Lim-Flex provides just the right shot of Limousin and Angus to excel in any market, without the extra management of rotational crossbreeding. Whether you're breeding calves to sell through Strauss Brands, CAB, or the local livestock market, Lim-Flex not only fit but can top the market, and NALF is here to help. Contact NALF's Commercial Marketing Department for more information on its marketing programs.

"Not only do Lim-Flex females offer unprecedented longevity, but they are extremely fertile and maternally inclined."

~ Andy Bailey,
Star Valley Ranch, Hiko, NV

Progressive producers recognize the advantages of hybrid vigor

- 20% more pounds of calf per cow exposed (due to hybrid advantages in age at puberty, conception rate, survival to weaning, milk production, and weaning weight)
- 1.3 years of additional cow longevity
- 30% greater lifetime production
- Increased fertility and decreased gestation length with hybrid bulls

Lim-Flex Advantages

- Flexible seedstock for simple, easily managed crossbreeding
- Flexible marketing options to maximize profit
- Flexible market progeny that consistently hit dressing percent, along with yield and quality grade targets for mainstream markets
- Flexible females adapted for efficiency across a wide range of environments

"Our cattle have to be stout, easy fleshing, maternal, and able to fend for themselves. Lim-Flex do this better than any other type of cattle we've ran."

~ Casey Deuter, Deuter Ranches, Ree Heights, SD

LIMOUSIN Means Profit...

Whether you are a producer or a feeder, whether you sell calves or retain ownership, wherever you are, whatever your cowherd, whatever your market; Limousin and Lim-Flex genetics can enhance your profit from the pasture to the rail.

In the Pasture...

- Research has shown that Limousin cows wean a higher present calf crop per cow exposed.
- Limousin cows are efficient producers on both low and high intake diets, making them fit in various environments
- The average Limousin cow culled for age is over 12 years old, adding 5 to 6 years of production past breakeven
- Docility EPD values have doubled in the past ten years
- Strauss Veal© offers a premium market for weaning age, natural, Limousin/Lim-Flex calves

“Some of these old cows we’re running are 93 to 95 models. Those cows are 15 to 17 years of age. They calve well, wean heavy, and keep breeding back. They’ve paid for themselves a long time ago.”

~ Casey Deuter, Deuter Ranches, Ree Heights, SD

Current rank of four major Continental Breeds, based off of MARC trial results.

Breed	Feed Efficiency		Repro/Maternal 1 st Calf Heifers	Repro/Maternal 3-6 Year Old Cows	
	Time 187 d	Fat Thickness 0.43 in	Weaned %	Born Alive %	Weaned %
Simmental	2	2	2	2	2
Gelbvieh	3	3	4	2	3
Limousin	1	1	1	1¹	1¹
Charolais	4	4	1	2	3

*Ranking determined from results published in the 2007 Germ Plasm Evaluation Report, ARS-USDA Meat Animal Research Center, Clay Center Nebraska.

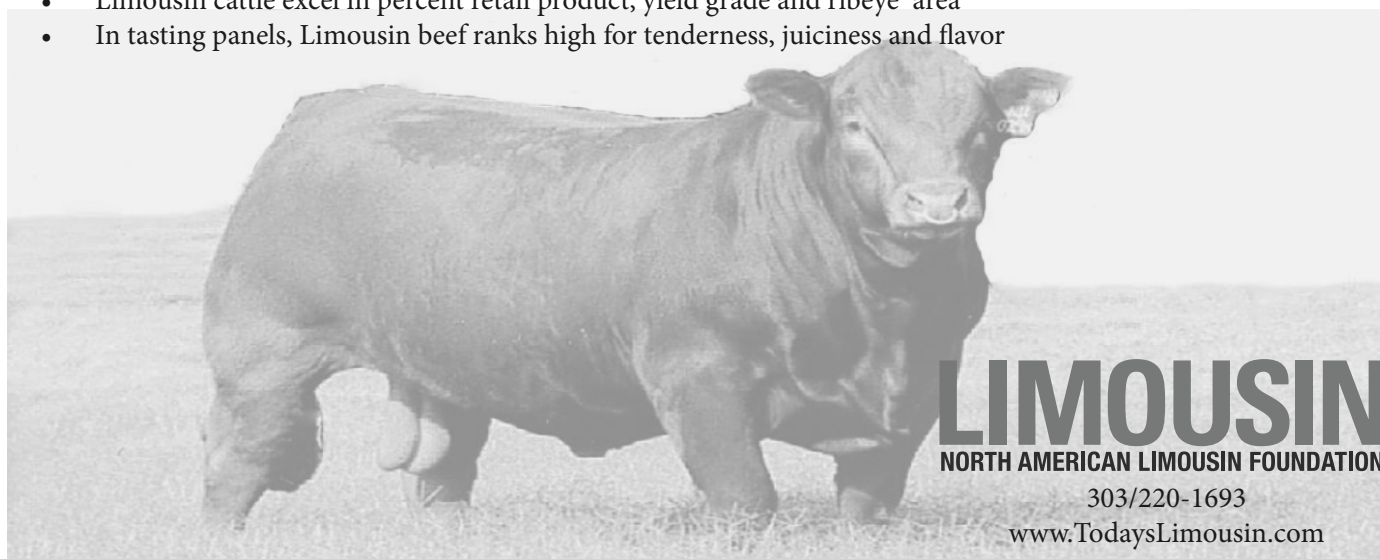

¹Denotes ranking amongst all breeds included in study (Hereford, Angus, Red Angus, Simmental, Gelbvieh, Limousin, Charolais)

In the Feedlot...

- Limousin remains atop the Continental breeds for feed efficiency
- Limousin cattle maintain high feed efficiency at higher finishes and deeper in the feeding cycle
- Marketing opportunity with Laura’s Lean Beef for high percentage or full blood Limousin cattle

On the Rail...

- Limousin can eliminate Yield Grade 4 and 5 cattle and increase percent Yield Grade 2 in one generation
- Limousin cattle excel in percent retail product, yield grade and ribeye area
- In tasting panels, Limousin beef ranks high for tenderness, juiciness and flavor
