SALE LOCATION

Sale site on frontage road by
intersection of Hwy. 93 and I-90
9 miles northwest of Missoula.

Dear Fellow Cattlemen,

All of us at Coleman Limousin Ranch welcome you to our 41st Annual Production Sale. Thank you very much for your interest, support and confidence in our program.

Our 2019 sale offering is powerful and consistent with that of previous years. The bulls in this offering are sired by proven AI sires. Our cowherd is backed by generations of proven genetics. We currently have four Elite Focus Dams and 16 Focus Dams. Special sale feature are our 2019 National Western Pen and Carload bulls. Several outstanding bulls are in this group. These bulls are fed a high roughage diet with enough energy to let their genetics express themselves.

The bulls have been semen tested, ultrasound scanned, and have complete performance records and EPDs. The bulls sell with a first season breeding guarantee. We offer free nationwide delivery. Bulls that are picked up sale day receive a \$100 per head discount. All bulls are tested and confirmed BVD-PI free. Bulls going to NV, UT and WY, will be ready for delivery approximately five days after the sale, once Trich testing is completed.

The sale will be broadcast live by DVAuction. You can watch it on the internet and bid with DV Auction's "real time" internet bidding services. Videos of the bulls will be posted to our website about mid-March.

Plan to be with us for the sale event. Dinner will be served Monday evening, April 1 at the Five Valleys Livestock, and there will be a tri-tip roast beef lunch preceding Tuesday's sale.

We hope this catalog's information will be helpful. Give us a call if we can be of further assistance to you. We look forward to having you with us April 2.

Sincerely,

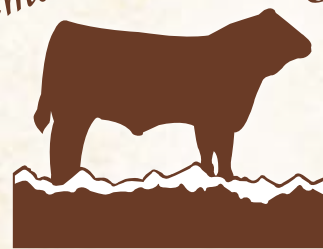

Coleman Limousin Ranch
Larry and Anita

COLE

Cur story began in 1970 when Limousin were brand new to North America. Muscle and efficiency is what drew us to the breed and what keeps us here today. Many have heard of the sire COLE First Down. He helped put the COLE prefix on the map.

Today our 4 Elite Focus Dams and 16 Focus Dams form the foundation of a strong cow base. These momma cows do their job by raising powerful bulls our customers demand and by replenishing our replacement pens.

Our family enjoys raising Limousin and Lim-Flex cattle. We've had a front-row seat in being a part of this breed's growth and our passion is as strong as ever. We look forward to another 49 years.

GENERAL SALE INFORMATION

TIME AND LOCATION: 1:00 p.m. Tuesday, April 2, 2019. The sale will be held at the Five Valleys Livestock, Missoula, Montana.

TRANSPORTATION: Commercial as well as private aircraft service is available to the area. Rental cars are available at the airport, or with advance notice your plane can be met at the airport.

TELEPHONE: Calls may be placed directly to the sale site by calling (406) 728-3052.

TERMS: Terms of the sale are cash, unless prior credit arrangements are established between buyer and seller. Settlements are to be made with the clerk immediately after the conclusion of the auction.

HEALTH: All cattle will be tested for Brucellosis within thirty (30) days of the sale. Health certificates will be provided with each lot sold.

FIRST BREEDING SEASON GUARANTEE: All bulls, 12 months of age and over at the time of sale, are guaranteed breeders. A bull is determined a breeder when he settles one or more females and/or passes a satisfactory semen test. Certificates of a satisfactory semen test will be provided at sale time for all bulls. In the first year, if a

problem occurs with a bull, we will give you a suitable replacement or you will receive full credit minus the salvage value of the original bull toward another purchase in next year's sale. Please notify the seller of the bull as soon as possible if a bull is injured. This guarantee is a contract between the buyer and seller. All other parties are acting as agents or representatives only.

LIABILITY: Each animal will be at the buyer's risk as soon as sold, but will be cared for by the seller for a reasonable period of time. Every precaution will be taken for the welfare of the cattle sold. Neither owner nor sale manager can be responsible for any accidents, but every effort will be made to provide for the safety and comfort of those attending the sale.

ANNOUNCEMENTS: Announcements made sale day take precedence over printed material in catalog.

DELIVERY: Free nationwide delivery to any central U.S. point. In some cases, this may require additional transportation by the buyer from a central location to their ranch. Every effort will be made to deliver to the buyer's ranch or to a convenient location as close to the buyer's ranch as possible. Buyers who do their own hauling will receive a \$100 per head credit.

YEARLING NWSS BULLS LOTS 1-11

It is with pride we kick off our 2019 sale offering with the bulls we displayed in Denver. Over the years we have enjoyed a great deal of success at the National Western Stock Show, including 9 People's Choice Champion Carloads, 6 Grand or Reserve Grand Champion Carloads and 5 Grand or Reserve Grand Pens. The bulls that made the trip to the Mile High City this year are current for the industry and offer genetics that have proven themselves capable of excelling in a variety of production environments and marketing scenarios.

As they say, behind every great bull is a great cow. In the case of COLE Formation 79F, there is a litany of great females sprinkled through his pedigree. This son of the performance giant, COLE Architect 08A traces back to the great Katymay on the bottom side, giving him all the pedigree predictability one could ask for. His powerful phenotype meshes nicely with his actual performance figures and impressive EPDs. With nearly 800 pounds of weaning weight and 1,330 pounds of yearling weight, it should come as no surprise he ranks in the top 1% of the breed for weaning weight, yearling weight and carcass weight EPDs. Pounds still pay and this big-league herd sire promises to push the performance envelope to new levels. There is little doubt that at the end of the day, this homozygous black, homozygous polled purebred will be among the upper echelon of bulls offered for sale this spring.

Most sales, regardless of breed, would start with a herd sire prospect like COLE Favor 146F. This homozygous polled, homozygous black purebred takes raw performance and power to an all new level. Study his impressive actual performance figures along with his breed-leading EPDs for WW, YW, SC, CW, RE and \$MI, and realize he is in fact the total package. The icing on the cake is the fact he is out of the extremely popular AI sire, COLE Architect, and a tremendous producing COLE Windfall daughter, who traces back to Production 608. All of the pieces are in place with this intriguing herd sire. You can expect him to show up in semen directories shortly after purchase.

A maternal brother to Lot 1, COLE Fastball 53F, brings his own kind of heat to the game. Homozygous black, and homozygous polled, this purebred son of Xpense Account is not only powerfully constructed, but has ample body capacity and fleshing ability. His EPD figures are extremely balanced across the page, highlighted by a top 1% ranking for MARBLING. If injecting an extra dose of quality grade into a set of calves without giving up an ounce of performance appeals to you, Lot 3 is the bull for you.

It's hard to say which one of these two embryo brothers is the best, so we will let the buying public decide. From a pedigree standpoint, they display the proud heritage of the Coleman program throughout both the top and bottom side of their pedigrees. Performance wise, they are equally impressive, surpassing more than 1,350 pounds of yearling growth. When studying their EPDs, both these homozygous polled, 75% Lim-Flex herd sires, rank in the top 30% or better for 6 important traits, led by single-digit percentiles for weaning weight, yearling weight and scrotal circumference.

Take a look at the adjusted yearling weight COLE Fever 50F posted—1,434 lbs. That's a WOW in all caps. When COLE Architect has been mated to Production 608 daughters, the results have been some of the most impressive Lim-Flex cattle in the business. Not only will he inject loads of performance, this homozygous polled prospect projects to push the needle forward on both scrotal circumference and docility as well.

This last of our Denver bulls is a unique specimen in his own right. COLE Fortnight 08F is the homozygous black, homozygous polled, 54% Lim-Flex son of one of the most popular AI sires in the breed today, MAGS Aviator. Out of a Production 608 daughter, Fortnight combines a correct skeleton with impressive actual performance and trait leading EPDs for eight traits. Without question, Fortnight is a breeder's kind of bull who will make many friends sale day.

SPRING YEARLING BULLS LOTS 12-102

This year's set of bulls is both powerful and consistent in terms of phenotype, pedigree, actual performance and EPDs. These herd-sire prospects are by the most current and progressive A.I. sires in the industry, as well as members of our top-notch bull battery, many of which are available via A.I. as well. Possibly more importantly, these bulls are backed by generations of predictability on the dam side of the pedigree as evidenced by the Four Elite Focus Dams and 16 Focus Dams that grace our pastures. With customer satisfaction being our highest priority, you can be certain every step has been taken to assure you, our buyers, these bulls will perform as promised. All of the necessary data has been documented along the way on the bulls who have proven the ability to withstand our rigid culling process. We appreciate the interest shown in our program and our genetics and hope you won't hesitate to contact us should you have any questions on this year's offering.

"We use Lim-Flex® bulls on our British-based cows because it allows us to achieve our goal of producing a high percentage of cattle that grade Choice, have higher yielding carcasses, while maintaining feed efficiency and uniformity."

-Erik Roen, Sierra Valley Ranch California

Roan is a profit-minded cattleman who uses Lim-Flex bulls on his 2,000 head cow herd. Roan markets his calves through Superior Livestock Auction. One set of calves averaged 94% Choice or Prime, had greater than a 65% dressing percentage and returned \$117 per head of profit for the feeder.

"We have used Limousin for 30-plus years. They run at high elevation on our western slope ranch in Colorado with little or no problems with PAP. They adapt very well to our SW Nebraska operation when taken there. We retain our calves to finish when the market is right and have seen dressing percentages up to 67% with 75-85% Choice carcasses. We like the longevity of the females as they stay in the herd a long time and have excellent udders."

—Frank & Shelia Daley
New Castle, Colorado, and Haigler, Nebraska
2016 Limousin Commercial Producer of the Year
